

Resolution on Faculty Inclusivity
By the TCU Faculty Senate
November 3, 2011

Whereas TCU affirms a campus culture that emphasizes collaboration, reciprocity, cooperation, and connectivity, and

Whereas TCU upholds a firm institutional commitment to shared governance and a participatory process that encourages faculty involvement, and

Whereas all full-time TCU faculty should have the opportunity to participate in the structures of governance that concern them, and

Whereas TCU administrators and faculty must guard against forming of specious hierarchies that unnecessarily limit faculty participation due to different ranks, designations, and duties,

Therefore, be it resolved, that the TCU Faculty Senate endorses a policy of inclusivity regarding faculty participation in governance structures; that full-time TCU faculty should not be separated into gratuitous tiers of greater and lesser privileges due to their different ranks, designations, and duties; and that all full-time TCU faculty have the right to express their concerns and opinions in all appropriate departmental, college, and Senate forums.
