

*The Human Experiences and Endeavors Curriculum
Competency, Outcomes, and Action Steps
Social Sciences*

Competency:

TCU graduates will understand social environments that arise from human interaction.

Learning Outcome	Student Action Steps
Students will demonstrate knowledge of and the ability to use social science methodology to analyze and evaluate fundamental social processes that characterize human experience.	Students will examine a range of social forces that characterize and influence human interaction. Using an appropriate social science methodology, students will analyze and evaluate how those forces characterize and influence human interaction. Students will present appropriate evidence-based conclusions about social processes and human interaction.
